May 2, 2005

Sir:

In the matter of the above-identified application, Applicants, through their undersigned representative, are submitting herewith a copy and a listing therefor of Japanese patent document JP-A-60-256868, in form PTO/SB/08A, which was cited in an Office Action in a counterpart Japanese application, for the U.S. PTO's consideration. A copy of the foreign Office Action as well as an English language version thereof are enclosed herewith.

It is noted that three (3) Japanese patent documents were cited in the Office Action of the counterpart Japanese application. However, the third listed Japanese patent document therein, namely, JP-A-63-206852 is already of record in the file history of the above-identified application and is, in fact, listed in the initial Information Disclosure Statement (IDS) submitted with the application papers with the present application. Also, it is noted that the first listed cited

Japanese patent document in the foreign Office Action, i.e., JP-A-62-099856, corresponds to U.S. Patent 4,807,114 (Ito et al.) which is of record in the current file history and was listed in the initial IDS of the present application. Therefore, for purposes of this IDS, only the second listed cited Japanese Patent document in the Office Action in the counterpart Japanese application is presently being listed in Form PTO/SB/08A and is to be considered for purposes of the present IDS. However, a copy of the JP-A-62-099856 (corresponding to U.S. Patent 4,807,114) is also provided to complete the record.

This Information Disclosure Statement (IDS), is being submitted before the payment of the Issue Fee and, accordingly, is in compliance with 37 C.F.R. §1.97(d). An authorized credit card payment form, covering the fee amount of \$180.00, set forth in 37 C.F.R. §1.17(p), in accordance with the requirement pursuant to 37 C.F.R. §1.97(d)(2), is enclosed herewith. Additionally, the following statement, as specified under 37 C.F.R. 1.97(e)(1), is being made:

Upon information and belief, the undersigned submits that each item of information contained in this information disclosure statement (IDS) was first cited in any communication from a foreign patent office in a counterpart foreign application not more than three (3) months prior to the filing of this IDS.

As to the requirement of 37 C.F.R. §198(a)(3) for concise explanation of relevance to the extent that the listed Japanese patent document is not in the English language, this is met by the submission of an English language version of the foreign Office Action along with the submission of an English language abstract thereof.

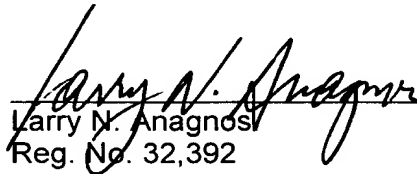

It is submitted this Information Disclosure Statement is compliance with the Rules of Practice as well as U.S. PTO guidelines. Therefore, Applicants respectfully request that it be entered and duly considered by the U.S. PTO.

S.N. 10/132,085

Also, acknowledgement of such entry as well as of formal consideration thereof by the Examiner is respectfully requested.
